Contents Vol. 30

Vol. 30, No. 1

The influence of mineral components on the generation of natural surfactants from Athabasca oil sands in the alkaline hot water process
R.G. Smith and L.L. Schramm (Edmonton, Alta., Canada) 1

Hydrodenitrogenation of Aleksinac shale oil distillates in a pilot trickle-bed reactor
M.D. Šaban, D.U. Skala, J.A. Jovanović (Belgrade, Yugoslavia), V.W. Mayn and T.G.-H. Rahimian (Clausthal-Zellerfeld, Germany) 15

Two-stage hydroprocessing of synthetic crude gas oil
A. Mahay, J. Chmielowiec, I.P. Fisher and J. Monnier (Ottawa, Ont., Canada) 33

The reactivity of different coal and residuum combinations in coprocessing
C.W. Curtis and J.-S. Hwang (Auburn, AL, U.S.A.) 47

Conversion of petroleum resid from Maya crude: Effects of H-donors, hydrogen pressure and catalyst
R.H. Heck, L.A. Rankel and F.T. DiGuiseppi (Princeton, NJ, U.S.A.) 69

Iron-based catalysts for slurry-phase Fischer–Tropsch process: Technology review
V.U.S. Rao, G.J. Stiegel, G.J. Cinquegrane and R.D. Srivastava (Pittsburgh, PA, U.S.A.) 83

Vol. 30, No. 2

Review

Organically bound sulphur in coal: A molecular approach
J.S. Sinninghe Damsté and J.W. de Leeuw (Delft, Netherlands) 109

Oil yields from combustion retorting of mixtures of Australian low rank oil shale and lignites
S. Sato (Ibaraki-ken, Japan) and J.D. Saxby (North Ryde, NSW, Australia) 179

Reductive acetylation of coals: A beneficial pretreatment for enhanced hydroextraction
C.K. Snehalatha Nair, B. Krishnakumari and M. Pardhasaradhi (Hyderabad, India) 187

Vol. 30, No. 3

Effects of sulfur on coal treatment in aqueous sodium hydroxide
D. Dorland (Duluth, MN, U.S.A.), A.H. Stiller (Morgantown, WV, U.S.A.) and E.A. Mintz (Atlanta, GA, U.S.A.) 195

An important factor affecting synergism on coprocessing of Taiheiyo coal with Athabasca oil sand bitumen
M. Miyake, K. Takahashi, J. Higashine and M. Nomura (Osaka, Japan) 205

The behavior of iron–sulfur species in fluidized-bed gasification on coal
D.M. Mason (Chicago, IL, U.S.A.) 215

Detection and evaluation of the onset of coking in primary bitumen upgrading
M.L. Selucky, Z. Frakman and V.A. Muñoz (Devon, Alta., Canada) 227

Change in molecular structure of flash pyrolysis tar by secondary reaction in a fluidized bed reactor
J. Hayashi, K. Nakagawa, K. Kusakabe, S. Morooka, (Fukuoka, Japan) and M. Yumura (Ibaraki, Japan) 237

Kinetics of acid hydrolysis of olive felling residues
L. Jiménez and J.L. Ferrer (Córdoba, Spain) 249
